環境、社會及管治報告

1. ABOUT THIS REPORT

North Asia Strategic Holdings Limited (the “Group” or “We”) presents the first Environmental, Social and Governance (“ESG”) Report (the “ESG Report”) which covers environmental and social performance of the Group and its major subsidiaries to demonstrate our continuous commitment to sustainability. Additional information in relation to the Group’s corporate governance and financial performance can be found in our 2016/2017 Annual Report. The ESG Report highlights our sustainability activities spanning over a period from 1st April 2016 to 31st March 2017.

The present scope of the ESG reporting covers the principal operating activities of the Group’s hi-tech distribution and services division in Hong Kong and in the People Republic of China (the “PRC”). This ESG Report is prepared in accordance with the “Environmental, Social and Governance Reporting Guide” (the “ESG Reporting Guide”) under Appendix 20 of the Growth Enterprise Market (“GEM”) Listing Rules Chapter 17.103 of The Stock Exchange of Hong Kong Limited (“Stock Exchange”). With reference to the definition stated in the ESG Reporting Guide, the presentation of our ESG Report will divide those aspects and key performance indicators (“KPI”), which are considered to be relevant and material to the Group’s businesses and operations, into four subject areas: Environmental Protection, Employment and Labour Practices, Operating Practices and Community Contribution. A complete list of index in compliance with the ESG Reporting Guide is also available at the end of this Report for reference.

In order to define what are relevant and material to our business with respect to sustainability, the key is to understand what issues our stakeholders are most concerned with. We define our stakeholders as people who affect our business or who are affected by our business. Our stakeholders include shareholders, employees, clients, suppliers, customers, environment and community. In our daily operation, we actively exchange information with our stakeholders through our transparent platform while we are devoted to continuous improvement of our communication system. We are committed to maintaining a long-term partnership with our stakeholders and are actively engaged in addressing their concerns with timely follow-up actions. If you, as one of our stakeholders, have any questions about the content of the ESG Report or comment on the Group’s sustainability issues, please contact us via enquiry@nasholdings.com.
